USB 3.2 Gen 1 Military-Grade Shockproof Portable Hard Drive AC731

1. Product Introduction

The AC731 2.5" portable hard drive features the new SuperSpeed USB 3.2 Gen1 standard with military-grade shockproof protection and business style design.

AC731 features a unique and exciting juxtaposition of matte leather texture and a high-quality polishing case, which shows exclusive simple and graceful. AC731 is along with neatly created sidelines to enhance feeling of grip and handling.

AC731 has passed MIL-STD-810G 516.6 Procedure IV (Transit Drop Test), meaning no data is corrupted when it is dropped from a height of 1.22 meters.

AC731 meets the IP68 rating, which means the device is absolutely dustproof and can even be immersed in water up to 60 minutes at one-meter depth, the data remain unharmed. The hidden internal suspension structure features anti-vibration function, which forms a buffer for external forces to lower the chances of damage. The inner and outer protection is well prepared for any situation and presents professional confidence at any time. The durable USB Type-A female connector is test proven to withstand up to 10,000 plugging and unplugging times, meaning high durability in frequent use.

AC731 has a transmission speed up to 5Gbps. Available in capacities of 1TB and 2TB, which can meet any storage needs for the business. It is also a perfect booster for ultra-thin laptops, which usually have limited memory storage. A reassuring 3-year warranty is in place guarantee the best of storage experience for all users.

Apacer's portable hard drive with Apacer Data Manager software provides safe and convenient storage. Increasing your work efficiency effectively, use one-way/two-way synchronization and backup of important personal files to make digital storage life easier!
